PROFESSIONAL SUMMARY

Full Stack developer with experience building and maintaining production web applications using React.js, Node.js, Express.js, MongoDB, and MySQL. Skilled in REST APIs, JWT authentication, admin dashboards, and full-stack development. Seeking a stable, long-term full stack role as my current company is closing operations.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Google OAuth
Databases & ORM: MongoDB, MySQL, Redis, Mongoose, Prisma
DevOps & Tools: Git, GitHub, GitLab, Docker, CI/CD, Vercel, Dokploy, Postman

WORK EXPERIENCE

MERN Stack Developer | DelightCode Infotech | Surat, Gujarat *Aug 2026 – Present*
(Company winding down operations)

- Diagnosed and resolved production bugs in a live application, restoring stable functionality for end users.
- Delivered new features and enhancements across the stack using React.js, Node.js, and MongoDB.
- Tested fixes and application changes across multiple environments to ensure reliable releases.

Junior Full Stack Developer | Costa Technolab | Surat, Gujarat *Sep 2025 – Aug 2026*

- Developed full-stack web applications using React.js, Node.js, Express, MongoDB, and MySQL.
- Built scalable REST APIs for booking systems, shipping workflows, and admin dashboards.
- Implemented secure JWT authentication, Stripe payment integration, and Cloudinary file uploads.

PROJECTS

WeRentify | Rental & Service Booking Marketplace *Company Project*
React.js, Node.js, Express.js, MongoDB, Stripe

- Built a scalable full-stack marketplace platform for rentals and service bookings.
- Developed REST APIs for listings, bookings, reviews, comments, and community posts.
- Implemented JWT authentication, Google OAuth, Stripe payments, and Cloudinary media uploads.
- Added booking workflows, automated reminders, and admin dashboard features.

Ootero | E-Commerce Order Management & Shipping Platform *Company Project*
React.js, Node.js, Express.js, MySQL, Prisma

- Integrated WooCommerce REST APIs to synchronize e-commerce orders and product catalogs with a centralized order management platform.
- Implemented automated background synchronization using node-cron, including incremental order fetching and protection against overwriting manually edited orders.
- Implemented JWT authentication, email verification, and AES-256-CBC encryption to secure third-party API credentials.

DeltaGPT | AI Chatbot (MERN + OpenAI API) | GitHub | Live Demo

- Developed a full-stack AI chatbot with the MERN stack and OpenAI API, delivering real-time AI responses through a responsive chat UI.
- Secured chat access with JWT authentication and protected routes.
- Added Jest automated tests and CI/CD workflows to support reliable deployments to Vercel.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Application (BCA) | M.J.P.R.U, Uttar Pradesh *2021 – 2024*
Full Stack Web Development | Easyskill Career Academy | Certificate *2025*
MERN Stack Web Development | Apna College | Certificate *2025*
